

House rules

Dear guests,

we hope that you will spend a relaxing time in our accommodation. We would like to draw your attention to our "house rules", which shortly show how we and the handling of our rooms and the inventory imagine. We would like to point out to you that all rules must be observed. This will help us to offer you and other guests a pleasant accommodation in the future.

Something general

Do you need help, are you missing something or do you have any other suggestions? Then we would be very pleased if you would contact us in confidence! Furthermore, we would like to ask you to treat the accommodation and the furnishings with care. Please do not carry the interior furniture to the outside. Make sure to take off heavily dirty shoes before entering the accommodation. In general, please leave the accommodation as you found it.

Accommodation behaviour

Please close all windows and doors before leaving the accommodation. No liability can be accepted in the event of theft or burglary. Also make sure that all lights, cookers and ovens are switched off. Remember that water is also a precious resource.

Kitchen and waste

We would be very pleased if you would conscientiously separate the waste. You will find the bins for this in the kitchen. Rinse your dishes, cutlery, pots and pans at the latest before your departure. Dispose of leftover food and clear out the fridge and freezer.

Heating and airing

In order to avoid possible mould growth, we would like to ask you to air the rooms for approx. 15 minutes daily. When airing, make sure that you turn off the radiators for this period. Apart from that, we ask you not to reprogram the heating system under any circumstances.

Smoking (please select)

Smoking permitted: Smoking is generally permitted. However, we will have to charge you for damage such as burn marks and holes. Please always be considerate of any non-smoking tenants after you. Therefore, please only smoke with the window open and ensure that there is sufficient ventilation afterwards.

Smoking not permitted: Smoking is generally not permitted in our accommodation. Please understand that we also want to rent our rooms to non-smokers. Therefore, please go outside. Thank you very much!

Rest time

As our accommodation is primarily intended to be a place of retreat, we hereby inform you of our quiet hours. A night's rest is to be observed daily between 10:30 pm to 6:00 am. Please also behave at an acceptable volume outside the specified night-time quiet time in order not to disturb neighbours.

Thank you for your time and attention! We wish you a pleasant stay. If you have any further questions, we are here for you!
